Quality Design and Construction

Professional Quality at Home Improvement Prices

Easiflow HD/HD LITE

The Easiflow applicator improved and upgraded since first introduced in 1971 has established a reputation throughout the world as the product for both the DIY and professional market. The Easiflow HD outlives and outperforms its imitators and as a result of modern and efficient manufacturing, does so at a cost effective price.

Easiflow HD

Precision, case hardened catchplate for longer working life

Zinc plated protection on working parts prevents corrosion

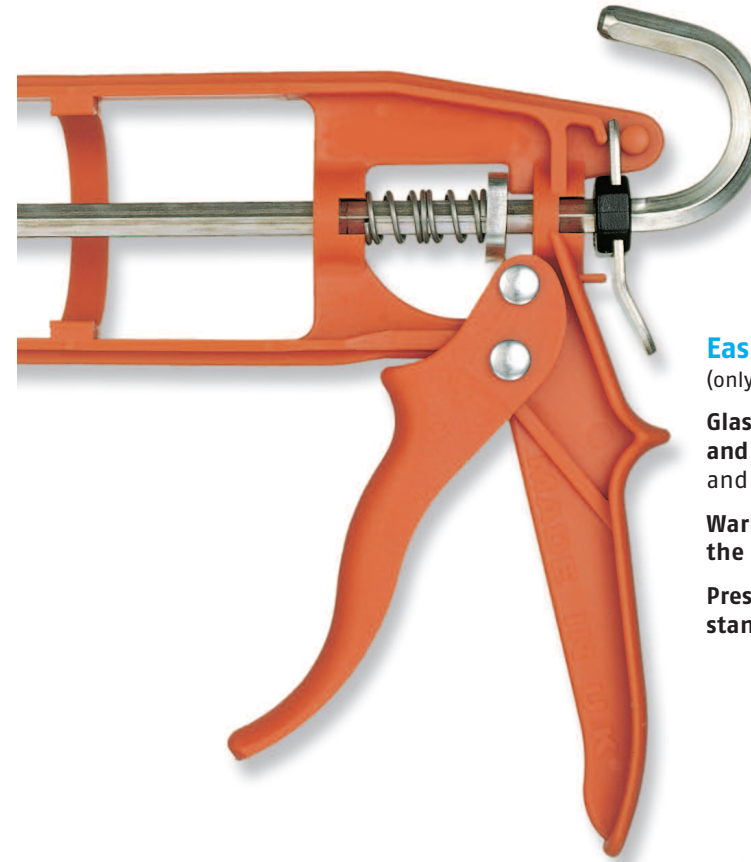

Powerful 7:1 trigger ratio ensures easier, less tiring dispensing

Contoured handle and trigger grip offers more comfortable use

Tough epoxy paint finish provides excellent corrosion resistance

Colours

Select from a range of attractive standard colours. Custom colours available for own label business. Contact Cox for details and minimum quantities.

Easiflow HD LITE

(only available for 310mm cartridges)

Glass-reinforced moulded frame and trigger are lightweight, strong and totally corrosion proof

Warm to the touch even in the most bitter conditions

Pressure Relief Device (PRD) standard

Spring release clutch on non-PRD applicators gives rapid dispensing

Easiflow LD LITE

(only available for 310ml cartridges)

From the world's leading manufacturer and specifically designed for the highly competitive DIY market, the Easiflow LD LITE sealant applicator is manufactured to the same rigorous standards as all Cox professional product

The Easiflow LITE is moulded in strong, rigid ABS plastic, lightweight, warm to the touch with excellent impact resistance.

Zinc coated sliding components for corrosion resistance

Optional Pressure Relief Device (PRD) reduces sealant 'flow on' for precise no mess finish

Powerful 7:1 trigger ratio ensures easier, less tiring dispensing

Pressure Relief Device (PRD) reduces sealant 'flow on' for precise no mess finish
